What is this product?

Type

The product is a UCITS sub-fund of an open-ended collective asset-management vehicle with variable capital in Ireland.

Term

This product is an open-ended fund without predefined maturity. You may request the redemption of shares generally on each valuation date. The company may, however, suspend the redemption if extraordinary circumstances appear to make this necessary, taking into account the interests of the investors. Further, the company may restrict the redemption. The product may be redeemed early in certain circumstances as set out in the sales prospectus. The SGD LC share class of DWS Noor Precious Metals Securities Fund was launched in 2021.

Objectives

The fund is actively managed. The fund is not managed in reference to a benchmark. The investment objective of the Fund is to achieve capital appreciation in the medium to long term. In order to achieve this, the Fund will invest in a portfolio of Sharia compliant equity and equity-related securities of companies engaged in activities (exploration, mining and processing) related to gold, silver, platinum or other precious metals or minerals. The Fund will not invest directly in physical gold or silver bullion or in securities where the underlying investment is in such commodities. The return of the product is reflected by the daily calculated net asset value per unit and the distribution amount if applicable. The currency of the fund is USD. Returns and gains are not distributed but are reinvested in the fund. This fund is a sub-fund of DWS Invest (IE) ICAV for which the sales prospectus and the periodic reports are prepared as a whole in addition to individual supplements per sub-fund. The assets and liabilities of each sub-fund are segregated by law. As a result, assets of one sub-fund are not available in the event of claims against or insolvency of another. More share classes may be available for this fund - please refer to the relevant section of the supplement for further details. Shares may in many cases be exchanged for shares in another asset class of the same or another DWS Invest (IE) ICAV sub-fund. Details can be found in the "Exchange of shares" section of the prospectus. The depositary is State Street Custodial Services (Ireland) Limited, Ireland. More detailed information of this fund, such as the sales prospectus and supplement as well as the latest annual and semi-annual report, can be obtained free of charge online at www.dws.com/fundinformation/. These documents are available in English. The documents as well as other information (including the latest share prices) are available free of charge.

Intended retail investor

The sub-fund is intended for medium term retail investors with basic knowledge/experience, who can bear losses. The sub-fund can be used for general capital accumulation.

What are the risks and what could I get in return?

Risk Indicator

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you. We have classified this product as 5 out of 7, which is a medium-high risk class. This rates the potential losses from future performance at a medium-high level, and poor market conditions will likely impact the capacity to pay you.

The following is applicable if you subscribe for or settle shares in a different currency than the fund or share-class currency: Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

The following risks could be of particular significance for the fund: Emerging markets risk/country risk. A more detailed description of risks and other general information can be found in the risk section(s) of the sales prospectus and supplement. You may lose some or all of your investment. Your risk is limited to the amount invested. This product does not include any protection from future market performance so you could lose some or all of your investment.

Performance Scenarios

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The unfavourable, moderate and favourable scenarios shown are illustrations using the worst, average and best performance of the product and a suitable benchmark over the last 10 years. Markets could develop very differently in the future.

Recommended holding period: Example Investment:	5 years 10.000 SGD	
	If you exit after 1 year	If you exit after 5 years
Scenarios		
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.	

Stress	What you might get back after costs Average return each year	2,930 SGD -70.7 %	1,680 SGD -30.0 %
Unfavourable	What you might get back after costs Average return each year	7,300 SGD -27.0 %	8,520 SGD -3.1 %
Moderate	What you might get back after costs Average return each year	10,190 SGD 1.9 %	11,550 SGD 2.9 %
Favourable	What you might get back after costs Average return each year	13,970 SGD 39.7 %	17,890 SGD 12.3 %

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. The stress scenario shows what you might get back in extreme market circumstances. For the 1 year holding period the following applies: This type of scenario (Favourable, Moderate, Unfavourable) occurred for an investment - possibly with reference to S&P Gold & Precious Metals Mining (SGD) - between (Favourable: 31.10.2023-31.10.2024, Moderate: 29.04.2016-28.04.2017, Unfavourable: 30.07.2021-29.07.2022). For the recommended holding period the following applies: This type of scenario (Favourable, Moderate, Unfavourable) occurred for an investment - possibly with reference to S&P Gold & Precious Metals Mining (SGD) - between (Favourable: 31.07.2015-31.07.2020, Moderate: 31.05.2019-31.05.2024, Unfavourable: 31.08.2020-31.01.2025).

What happens if DWS Investment S.A. is unable to pay out?

The assets of the fund are kept separately from those of the management company, DWS Investment S.A.. An insolvency or default of the management company should not result in the fund suffering any financial loss in relation to its assets. On the insolvency or default of the depositary State Street Custodial Services (Ireland) Limited, Ireland securities held by the depositary on behalf of the fund should be protected but the fund may suffer loss in relation to cash and certain other assets which are not protected. Cash deposits of the fund deposited with other credit institutions may cause investors to suffer a financial loss if such deposits are not covered by any existing deposit guarantee schemes. Investment in the fund is not covered by any investor compensation or guarantee scheme.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed: In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario. 10.000 SGD is invested.

	If you exit after 1 year	If you exit after 5 years
Total costs	739 SGD	1,708 SGD
Annual cost impact (*)	7.4 %	3.4 % each year

*This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 5.3% before costs and 1.9% after costs.

We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the product may charge (5.00 % of amount invested/500 SGD). This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year

Exit costs	We do not charge an exit fee.	0 SGD
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.82 % of the value of your investment per year. This is an estimate based on actual costs for the fiscal year ending 31.12.2024.	182 SGD
Transaction costs	0.57 % of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	57 SGD
Incidental costs taken under specific conditions		
Performance fees	We do not charge a performance fee.	0 SGD

How long should I hold it and can I take money out early?

Recommended holding period: 5 years. The product has no minimum holding period.

This product has no required minimum holding period. The recommended holding period has been selected due to its investment strategy and because it is designed for a medium term investment horizon. It is expected that it will be possible to achieve the investment objective of the fund within this time frame. You may request the redemption of shares generally on each valuation date. No fees or penalties will be charged by the company for any such transaction.

There is no change on the risk return profile when you redeem your shares early.

How can I complain?
