

Key Investor Information for Investors in the United Kingdom

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

DWS Invest ESG Social Focus

Share class: XD, ISIN: LU2420982691, Security code: DWS3E9, Currency: EUR

a sub-fund of DWS Invest. The management company is DWS Investment S.A., a member of the DWS Group.

Objectives and investment policy

The fund is actively managed. The fund is not managed in reference to a benchmark. The objective of the investment policy is to achieve an above average appreciation of capital. In order to achieve this, the sub-fund invests primarily in equities, stock certificates, participation and dividend right certificates and equity warrants. The sub-fund invests in companies with a social and diversity focus, while at the same time aiming to provide long term capital growth. It does not only cover gender diversity topics but is building a scoring model that also covers general social and

diversity topics. At least 80% of the sub-fund's net assets are invested in assets that comply with the promoted environmental and social characteristics. The selection of individual investments is at the discretion of the fund management. The currency of the fund is EUR. The fund distributes annually. You may request the redemption of shares generally on a daily basis. The Company may, however, suspend or restrict the redemption if extraordinary circumstances appear to make this necessary, taking into account the interests of the investors.

Risk and reward profile

The calculation of the risk and reward profile is based on simulated data that cannot be used as a reliable indicator for the future risk profile. This risk indicator is subject to changes; the classification of the fund may change over time and cannot be guaranteed. Even a fund that is classified in the lowest category (category 1) does not

represent a completely risk-free investment. The fund is classified in category 6 because its share price may fluctuate strongly and the likelihood of both losses and gains may therefore be high. The following risks could be of particular significance for the fund: The fund invests its assets in selected regions or sectors. This increases the risk that the fund may be negatively influenced by the economic and political conditions in the respective regions or sectors.

A more detailed description of risks and other general information can be found in the risk section(s) of the prospectus.
